3. KEY INFORMATION

The information set out in this section is not intended to be comprehensive and should be read in conjunction with the full text of this Prospectus.
3.1 Offer

The Company is making a pro-rata non-renounceable rights issue offering Shareholders 1 New Share for every 3 Shares held as at the Record Date, at an issue price of 2.5 cents per New Share together with one free attaching New Option for every 2.5 New Shares applied for.

The closing date and time for acceptances and payments is 5.00pm Perth time on 30 April 2013. Subject to compliance with the Listing Rules, the Company reserves the right to close the Offer early or to extend the Closing Date.

The details of the Offer are set out in full in section 4.

3.2 What you need to do

The number of New Shares to which you are entitled is shown on the accompanying Entitlement and Acceptance Form. Fractional entitlements will be rounded up to the nearest whole Share. You may do one of the following:

- accept your entitlement in full;
- accept part of your entitlement;
- allow your entitlement to lapse; or
- apply for additional New Shares and attaching New Options in excess of your entitlement.

See section 6 for detailed instructions on what you need to do.

3.3 Purposes of the Offer and use of proceeds

Assuming the Offer is fully subscribed, it will result in the issue of approximately 698,549,682 New Shares together with 279,419,873 New Options, raising approximately US$18,127,364 (before the costs of the Offer).

The purposes of the Offer are:

- to enable the Company to embark on a drilling program, as discussed further in section 5
- to provide additional working capital
- to enable Shareholders to participate further in the ownership and growth potential of the Company.

These purposes are discussed more fully in section 5.

3.4 Effect of the Offer on the share capital of the Company

Assuming the Offer is fully subscribed, after the issue of New Shares and New Options there will be 2,794,198,728 Shares and 394,820,903 Options on issue.

A more detailed description of the effects of the Offer is contained in section 7.

3.5 Risk factors

An investment in the Company involves risks associated with an investment in the oil and gas industry, as well as risks of investing in equities generally. The price of Shares may rise or fall.

There are also a number of risk factors, both specific to the Company and of a general nature, which may affect the future operating and financial performance of the Company and hence the value of an investment in the Company. These risk factors include:

- Oil and natural gas prices are extremely volatile
- Reserve estimates are imprecise and subject to revision
- The Company only operates a small percentage of its producing properties
• Dependence on successful exploration, development and acquisitions to maintain reserves and cash flow in the future
• A portion of the Company’s current forecast production is hedged, limiting potential gains in a rising commodity price market
• The Company’s producing properties located in the Rocky Mountains are vulnerable to extreme seasonal weather, environmental regulation and production constraints.
• Oil and gas industry is subject to significant operating risks

Before deciding to invest in the Company, prospective investors should consider the above factors carefully.

4. DETAILS OF THE OFFER

4.1 The Offer

The Company is making a non-renounceable rights issue offering Shareholders 1 New Share for every 3 Shares held, together with one free attaching New Option for every 2.5 New Shares applied for.

The issue price of 2.5 cents per New Share is payable in full on application.

The number of New Shares to which you are entitled is shown on the accompanying Entitlement and Acceptance Form. Fractional entitlements will be rounded up to the nearest whole Share.

The closing date and time for acceptances and payments is 5.00pm Perth time on 30 April 2013.

4.2 Who is entitled to participate in the Offer

Every Shareholder registered as the holder of fully paid ordinary shares in the Company at 5.00pm Perth time on 8 April 2013, and whose registered address is in Australia or New Zealand, is entitled to participate in the Offer.

Special arrangements have been made for Shareholders who reside in countries where it is impracticable for the Company to meet the requirements of the securities laws of those countries. Please refer to section 4.9 for more information.

4.3 Rights trading

Rights are non-renounceable and will not be tradeable on ASX or otherwise transferable. Shareholders will not receive any payment or value in respect of Rights not taken up.

4.4 Underwriting

The Offer is not underwritten.

4.5 ASX quotation

The Company will make an application to ASX for admission of the New Shares and New Options to quotation on ASX within 7 days after the date of this Prospectus.

4.6 Issue of New Shares

It is expected that New Shares and New Options will be issued and holding statements will be despatched to applicants by 6 May 2013.

Subscription moneys will be held in a subscription account until the New Shares and New Options are issued. This account will be established and kept by the Company on behalf of Participating Shareholders.
Interest earned on the subscription money will be for the benefit of the Company and will be retained by the Company irrespective of whether New Shares are issued.

4.7 Minimum subscription

There is no minimum subscription to this offer.

4.8 Participation in dividends

The New Shares that are the subject of this Prospectus will rank for dividends pari passu in all respects with existing Shares. It is not envisaged that dividends will be paid on those Shares in the foreseeable future.

4.9 Overseas Shareholders

This Offer is being made only to Shareholders with registered addresses in Australia or New Zealand (being ‘Eligible Shareholders’). This Prospectus is not an offer in any place where, or to any person to whom, it would be unlawful to make such an offer. It is the responsibility of Shareholders to ensure compliance with all laws of any country which may be relevant to the Offer.

In the Company’s view, it would be unreasonable to make the Offer to Shareholders with registered addresses outside Australia and New Zealand (‘Ineligible Shareholders’) having regard to the number of Shareholders resident outside those jurisdictions, the number of New Shares and New Options that would be offered to them, and the cost of complying with the legal requirements in those jurisdictions in relation to the Offer.

4.10 ADS holders

This Offer is being made concurrently with a substantially similar rights offering being made in the United States to holders of ADSs through Samson’s depositary, The Bank of New York Mellon.

Each ADS represents 20 Shares, and under the concurrent offering ADS holders are being offered the right to purchase additional ADSs and warrants to purchase ADSs.

That concurrent offer to the ADS holders does not form part of the Offer and is not the subject of this Prospectus.

4.11 Applications for Additional Shares

Each Shareholder on the Record Date may apply for additional Shares (and attaching New Options), over and above his Rights, at an issue price of 2.5 cents per Share (‘Additional Shares’). If you wish to apply for Additional Shares, specify on the accompanying Entitlement and Acceptance Form the number of Additional Shares you wish to apply for. The application money for the Additional Shares for which you are applying must be provided at the same time as the application money for your Rights. A single payment will suffice for this purpose.

As permitted by the ASX Listing Rules, the Directors reserve the right to issue the Shortfall at their discretion. Accordingly, the Company does not guarantee that you will receive any Additional Shares you may apply for in excess of your Rights. Any offer for any portion of the Shortfall is made on the basis of this Prospectus.

If you do not receive all of the Additional Shares you applied for, any excess application monies will be returned to you (without interest).

Directors may not apply for Additional Shares.

7.4 Effect on control of the Company

If all Eligible Shareholders take up their Rights in full, then the Offer will have no material effect on their ownership of the Company.

If some Eligible Shareholders do not take up all of their Rights, then the shareholding interests of those Shareholders in the Company will be diluted.

The proportional interests of Ineligible Shareholders will be diluted because such Shareholders are not entitled to participate in the Offer.

8. RIGHTS AND LIABILITIES ATTACHING TO THE NEW SHARES AND NEW OPTIONS

8.1 New Shares

The following is a summary to the rights and liabilities attaching to the New Shares. Full details of the rights attaching to the New Shares are set out in the Company's Constitution, a copy of which is available for inspection at the Company's registered office during normal business hours.

The rights and liabilities attaching to New Shares can be summarised as follows:

Share Capital
The share capital of the Company presently consists of ordinary shares only. All existing Shares are of the same class and rank equally in all respects.
Voting Rights
Subject to any right or restrictions for the time being attached to any class or classes of shares (at present there are none), at a general meeting every holder of Shares present in person or by proxy, attorney or corporate representative has one vote on a show of hands and one vote per share on a poll. A person who holds a Share which is not fully paid is entitled to a fraction of a vote equal to the amount paid up (but not credited as paid up) on the Share divided by the total amount paid and payable on the Share (excluding amounts credited).

Dividend rights
Subject to the rights of holders of Shares issued with any special or preferential rights (at present there are none), the profits of the Company which the Directors may from time to time determine to distribute by way of dividend are divisible among the Shareholders in proportion to the numbers of Shares held by them respectively and are paid in the same proportion that the amount paid up on a Share bears to the total issue price of the Share.

Rights on winding-up
Subject to the rights of holders of Shares issued upon special terms and conditions (at present there are none), holders of Shares will share in any surplus assets on a winding-up of the Company in proportion to the numbers of Shares held by them respectively.

Transfer of shares
Subject to the Constitution, the Corporations Act, and the Listing Rules, Shares are freely transferable.

Future Increases in capital
The allotment and issue of any New Shares is under the control of the Directors. Subject to the Constitution, the Corporations Act, and the Listing Rules, the Directors may allot or otherwise dispose of new Shares on such terms and conditions as they may in their absolute discretion determine.

Variation of rights
At present, the Company only has ordinary shares on issue. If shares of another class were issued (for example, preference shares), the rights and privileges attaching to ordinary shares could be altered with the written consent of the holders of at least three-quarters of the issued ordinary shares or, if authorised by a special resolution, passed as a separate meeting of the holders of ordinary shares.

8.2 New Options
The rights and liabilities attaching to the New Options to be issued under this Prospectus can be summarised as follows:

1. Each New Option entitles the holder to subscribe for and be allotted one ordinary share in the capital of the Company. The exercise price is A$0.038 cents per New Option (the “Exercise Price”).

2. The New Options are exercisable at any time prior to 5.00pm (Perth time) on 31 March 2017 (the “Expiry Date”), by notice in writing to the Directors accompanied by payment of the Exercise Price.

3. The New Options are transferable and an application will be made to the ASX for Official Quotation of the New Options.

4. Shares will be allotted and issued pursuant to the exercise of New Options not more than 10 business days after receipt of a properly executed notice of exercise and payment of the requisite application moneys.

5. Shares issued upon exercise of the New Options will rank pari passu in all respects with Company's fully paid ordinary shares. The Company will apply for Official Quotation by ASX of all shares issued upon the exercise of New Options within 3 Business Days after the date of allotment of those shares.
6. There are no participating rights or entitlements inherent in the New Options and holders will not be entitled to participate in new issues of capital offered or made to the Shareholders during the currency of the New Options. However, the Company will send a notice to each optionholder at least 10 business days before the record date for any proposed issue of capital. This will give optionholders the opportunity to exercise their New Options prior to the date for determining entitlements to participate in any such issue.

7. There are no rights to a change in the exercise price, or in the number of shares over which the New Options can be exercised, in the event of a bonus issue by the Company prior to the exercise of any New Options.

8. In the event of any reorganisation of the issued capital of the Company on or prior to the Expiry Date, the rights of an option holder will be changed to the extent necessary to comply with the applicable ASX Listing Rules at the time of the reorganisation.

9. The Company will, at least 20 Business Days before the Expiry Date, send notices to the optionholders stating the name of the optionholder, the number of New Options held, the exercise price, and the consequences of non-payment.

There is no information which has been excluded from a continuous disclosure notice in accordance with the Listing Rules that investors or their professional advisers:

(a) would reasonably require for the purpose of making an informed assessment of:

(i) the assets and liabilities, financial position and performance, profits and losses and prospects of the Company; and

(ii) the rights and liabilities attaching to the securities the subject of this Prospectus; and

(b) would reasonably expect to find in this Prospectus.
